One of the aims of *Five Loaves Two Fish* is to help aspiring young teachers in Klipplaat to become fully qualified. Two students who recently graduated are Siyanda Vena and Monique Wood, pictured here on the left. *Five Loaves Two Fish* contributed to their study fees.

Meanwhile at the Brandovale Primary School, Ms Benesia Grootboom, seen on the right, is both teaching a Grade 1 class and studying by correspondence. Likewise, Ms Monique May helps children learn to read in the Remedial Reading classroom, while also continuing with her studies. *Five Loaves Two Fish* pays the salaries and the study fees of these young women.

There are very many children needing help with reading. Because Ms Grootboom has become a class teacher and is therefore no longer helping in the Remedial Reading programme, we have found someone new to take her place. An eager young matriculant, Chivandre Bruiners, pictured below right, has started work and is doing well.

As always, our senior educator, Mrs Alet Bruiners, continues to help children learn to read, and to advise the young teachers in the Remedial Reading classroom.

At the Klipplaat High School, Mr Brian Devine and Mr Donovan Grootboom are paid by *Five Loaves Two Fish* and are doing well in a school where teachers are in short supply.

Thank you to all of you, our generous donors.

Every donation, whether large or small, makes a difference to the lives of people in our little Karoo town, providing both a livelihood and study opportunity for our teachers, and hope for the future for the children that they teach. We have been asked to expand our project to the Klipplaat Xhosa primary school as well, and so are always looking for extra funds to be able to pay more teachers, pay more study fees, and help more children read.
